

# SUPPORT PORCUPINE – FREE!

Why give your money to pro-abortion, sodomy-supporting companies? I'm sure you are aware that most phone companies – both local and long distance – are this way. Now, due to deregulation, you have a CHOICE! (Such a great word when used for righteous things.)

You don't need to give your hard-earned money to Qwest, ATT, MCI, or Sprint, you can buy phone service and have the company's profits – ALL of the profits (not just 10% like Lifelink) – go to the anti-abortion work through Culture War Associates.

That's right 100% of the net profits go to anti-abortion work!

Pro-life Communications offers two options for service:

1. Long distance only service – at 7.9 cents per minute (billed at 6-second increments) for interstate calls (within the state calls vary from state to state). Lifelink charges 12.9 cents.
2. Total service – Local phone service, with all the “bells and whistles” like call-waiting, call forwarding, etc., together with ALL US long distance for a SINGLE, FLAT RATE of \$59.95. This is available in most areas.

If you choose to use this to support us, just tell them the name of *Culture War Associates*. If you want long-distance only service, give them the organization code, 25419.  
If you want the unlimited, total service, give the sales serial number, 89528.

CALL THEM TODAY! Call toll-free at 1-877-878-LIFE. Dial extension 11 and talk to Jane (her testimony about this phone company's history is fantastic!).

Think of it: 100% of the net profits will go to the cause you care about.

Please pray about whether to make a switch on this. For some of you, the options may not fit, but you are the best judge of that.

Sincerely,

Paul & Bonnie deParrie
